PRESSING ON ST. QUENTIN

SLOW BUT SURE PROGRESS IN
REDUCTION OF HUN STRONG-
HOLD IN WEST.

(By the Associated Press)
London, Sept. 25.—German troops last night counter attacked the British lines about Gricourt northwest of St. Quentin where advances have been scored recently by Field Marshal Haig's forces. The British commander in today's report says the attacks were repulsed. The process of closing in on St. Quentin was continued by the British who made progress in Gricourt neighborhood and also in Selency region west of St. Quentin.

Aerial Activity Resumed.
With American Army in Lorraine, Sept. 25.—(10 A. M.)—Airmen of both armies were active early today and increased artillery action was noted along the lines of the old St. Mihiel sector. Bright skies have replaced the clouds and rains of recent days and aerial observers were sent out by both Americans and Germans.

Hun Attack Repulsed.
Paris, Sept. 25.—The Germans last night attempted to regain some of the ground recently taken by the French near the western end of Chemin Des Dames. They attacked in Moisy farm region in this area but according to today's official statement were repulsed.

BOND QUOTA FOR OKLAHOMA FIXED

STATE EXPECTED TO TAKE
NEARLY \$39,000,000 OF
FOURTH ISSUE.

Oklahoma City, Sept. 25 (Special).—Following the announcement that the National quota of the Fourth Liberty Loan was to be six billion dollars the Federal Reserve Bank in Kansas City apportioned Oklahoma's quota at \$38,841,000. The State's quota in the Third Liberty Loan was \$27,809,000, based on a National quota of three billion dollars. If all portions of Oklahoma were on a normal basis the state quota of the Loan would have been more than fifty-four million dollars. Owing to the drouth conditions of the west and southwest portion of the state the treasury department has made a large reduction in the state's share. The tenth Federal Reserve district of which Oklahoma is a portion has a quota of more than \$260,000,000 in addition to the \$140,000,000 over the quota in the Third Loan. Oklahoma sold a total of \$39,440,000 worth of Third Liberty Bonds. It will now have to raise a million less than in the Third Loan to meet its quota. L. E. Phillips, State Chairman, announces that county quotas will be forthcoming from Kansas City within the next twenty-four hours. Reports from every county of the state confirm the belief that Oklahoma has its best organized war body preparatory for the Fourth drive which opens next Saturday.—Liberty Loan Headquarters.

WALKER EXPLAINS LABOR SITUATION

There seems to be quite a number of people who have not understood the intentions of the State Federal Labor service, in their efforts to get all able-bodied men employed in war work who are now working at non-essential employment; therefore as the representative of the Community Committee of this county I have instructions from the State Labor Commission to assure all our law abiding citizens that ample time will be allowed for the change from non-essential to essential occupations. There will be shipments of mechanics of all lines as well as common labor from this community; first, some ten days from this date but we will not accept any men employed by the Oklahoma Portland Cement Co., as that plant is now working on war contracts. There is no foundation for the rumor that this plant would shut down October 1st. Any man who is employed and has any doubt about that employment being essential will please consult some member of the community Committee before he quits his job; all unemployed men have no doubt about their duty.—O. N. Walker.

Roy Fulton of Colbert community writes that he has been in the hospital part of the time since arriving in France, but is about well and ready to go to the front.

Let a Want Ad get it for you.

NO HALT IN BULGAR ROUT

PURSUE FRENCH AND SERB-
IANS CONTINUE TO SWEEP
ALL BEFORE THEM.

(By the Associated Press)
Allied armies which smashed their way to the center of the enemy lines in Macedonia have begun a turning movement after having taken Prilep and advanced far beyond into the upper valley of the Vardar river. This movement may bring about a general retreat from the Adriatic to the Aegean sea. On the right the Serbians and French are moving toward the northeast and have reached points where they threaten greatly the Bulgarian stronghold of Strumitza. On the left the Serbians are moving rapidly toward the mountains separating Serbia and Albania and seem to have cut off the enemy retreat around Monastir.

Only a brief official announcement has been received of the Palestine situation but it appears that Turkish forces which succeeded in reaching the Jordan's eastern bank are virtually isolated and in danger of capture.

St. Quentin is apparently almost within the grasp of the British and French, these armies being within three miles from the center of the city on all sides. Heavy artillery actions are reported from the American Lorraine front but nothing approaching an engagement.

MANY VETERANS ATTEND REUNION

GEN. VAN ZANDT IN COMMAND.
TWO GOVERNORS ADDRESS
GATHERING.

(By the Associated Press)
Tulsa, Okla., Sept. 25.—K. M. VanZandt, commander of Trans-Mississippi department of the United Confederate Veterans, today assumed command of the organization during the illness of General George P. Harrison. General R. A. Sneed, commander of the Chickasaw brigade called the veterans together in the first general session of the reunion. Governor Williams who delivered the formal speech of welcome at the opening of the Sons of Veterans session last night, spoke again at today's meeting as did Governor Brough of Arkansas in place of Senator Owen, who was unable to come from Washington. Much interest has developed in the veteran parade to be held Friday. It is estimated that 10,000 veterans are attending the reunion.

Returned Soldier Coming.
Just at press time the speakers bureau of the Liberty Loan campaign at Oklahoma City phoned that Attorney General Freeling will be accompanied to Ada by Clark Elmer, one of Pershing's first division, who will also make a talk. He was wounded five times in France and is at home on this account.

Many Qualities Needed.
Patience, kindness, generosity, humility, courtesy, unselfishness, good temper, guilelessness, sincerity—these make up the supreme gift, the stature of the perfect man. You will observe that all are in relation to life, in relation to the known today and the near tomorrow, and not the unknown eternity.—Montreal Herald.

TO MAIL SUBSCRIBERS.
The new rule of the government that subscriptions must be kept right up to date will go into effect October 1, and the News will have no option in the matter, but must stop all delinquent subscriptions as ordered. A sworn statement to that effect must be made every week. Look at the date on your paper and see how you stand.

The man who refuses to do his whole duty because others are not will never accomplish much for the slacker has always been with us and can never be entirely exterminated.

The Universalists will have to take a back seat now. It does not take a theologian to know that in eternal fitness of things if there is not a hell it is time to establish one. How else could the Kaiser and his bestial horde receive justice? This life is too short for any punishment the human mind can devise.

Germany is taking an intense interest in the proposal to organize a league of nations after the war and is trying to be the first in the band wagon. The first principle insisted on by German leaders is freedom of the seas. Germany's idea of freedom on both land and sea is to be in a position to tell the other nations where to get off and everything run strictly for the benefit of Germany. It has puzzled the Germans to understand why the rest of the world refuses to be ruled from Berlin.

The majority of the druggists of the city have agreed to close their places of business at 7 o'clock p. m., beginning the first of October. This, they say, is in conformity with the government's general plan of conservation. No small amount of lights and fuel is wasted by keeping open until ten or eleven o'clock, it is stated by some of these merchants; and it is also thought that considerable sugar is uselessly consumed at the soda fountains. The drug men should—and will—have the co-operation of the public in a movement that will conserve resources and stop burning up manpower.

WORK OR FIGHT ORDER NO JOKE

The Pontotoc County Council of Defense is in receipt of the following letter from the Oklahoma Council of Defense at Oklahoma City. The members of the Executive Committee of the County Council will take up this matter immediately and carry out the demands of the state organization.

"On Thursday we wired you as follows: 'The Oklahoma State council of Defense has not received authorization for forcibly taking men from so-called non-essential occupations for work at Little Rock, Arkansas. You as County Council of Defense are instructed not to assume authority to do this. Give this publicity.'

At the same time we wish County Councils of Defense to give heartiest co-operation to the efforts of federal labor agents in rounding up loafers and vagrants giving them their choice of going to work or going to jail.

This Telegram was sent out on the report that in some places county councils were going beyond requests for co-operation received by them, and notifying men now in so-called non-essential occupations to go to Little Rock or to jail, and to take the first train if they were going to Little Rock.

It is urgently necessary that the state of Oklahoma be cleaned of all loafers immediately, and the time is rapidly approaching when citizens should expect notice to get into essential occupations."

For the convenience of the public the News is carrying on sale a supply of Thrift Stamps and War Savings Certificates.

LETTERS FROM SOLDIER BOYS

From Robert Lee Johns.
I am all O. K., having a good time as if I were at home in a good place and like things fine as far as I have seen. I enjoy being over here for things are very different to things at home and you see every thing is new to me.

Tell mother that I am having a fine time, and don't get it into your heads that we are not treated right, for we are just like a big family in our camps. We don't want for anything at all. Our officers give passes to visit places and what else would we want. I had a chat with Chas. Fussell the other day. He is near me. He is all O. K. and fat.

From Lieut. Oscar Hatcher.
Yesterday was Assumption Day. France is about 90 per cent Catholic so you see it was a very big day. We had two hours of equitation in the morning and a holiday the rest of the day. It was two hours of real enjoyment for sports and good riders. I am one of the best riders so I was very happy. We went to a reservation about 1 1/2 kilometers from Saumur. This reservation is about 2 kilometers square and contains some good pine forest. This is where the high-ups go to do fancy hurdling and jumping. Most all of us did 5 foot hurdling. I asked our instructor to get some of the best horses to do some 6 ft. hurdling. We may get them. These French are wonderful riders but you know me. I can compete with any of them as a horseman. There are twenty of us in my class or section. The other day a French major graded us. We are graded on basis of 20, 20 is perfect. The major gave R. G. Hatch a Texas boy, 19 1-2, Elliot a Virginia boy, 19 1-2. He gave me 19 and Brown, a Chicago boy 19. Hatch and myself were in same camp at Camp Bowie. You see my rating is not half bad. Well I'll win me a medal on the front and show'em that I am really in the war.

My days back of the front are few now. Of course I'll get some more training when I leave school before I go to the front. I know that you are all longing for glad news of peace. We, too, are longing for it. We promise peace in a few more months. We never worry, or think about the sacrifice we are to make to bring peace, but even though many of us are bound to make the supreme sacrifice we must not fail you.

This army has done wonders for me. When its over I'm going to get whatever I go after in civilian life. I can do anything now.

From Lieut. Paul Alderson.
The trip across was fine. I managed to make it without getting sick. England and France are the prettiest places I have ever seen. The fields all look like a lawn, that is, well kept; no wire fences. They are all made of stone and look like they had been there forever. I have not seen one wooden house or shingle, either; brick or stone with tile roofing. Barns and outhouses are the same.

If the allies can keep up the good work that they have recently started and I am sure they have hardly started—this thing will blow up next spring. I think that my feet will soon be wet; at least I hope so.

Write often, Charlie. I simply do not have time and a letter from home over here is like finding a Dallas News when you are out on a fishing trip for three or four weeks. How are all the boys? Tell them to write whether they want to or not.

From Sergt. Wm. A. Gotcher.
We are in a small village and it is something over 100 years old. You don't see but few people and they are all real old men and women and small children.

You can't realize what the war has done for this country. I have seen old feeble women, so old and bent with age that they have to walk with a cane, herding sheep. I have seen women here doing any kind of hard labor that a man does, working on

the railroad just like the men, and they paint houses and such work as that. I sure would hate to think you would have to work that way in your old days.

All the large towns we passed through, the children come out and beg us for pennies and we give them as long as we have any to give. I never saw so many curly red haired children. I think they must raise them in incubators.

They thresh wheat here the old tread mill way and most of the time just work one horse to a cart or two wheel wagon and sometimes two horses, one in front of the other. The children wear heavy coarse shoes and grown people wear wooden shoes and it sure looks odd to us.

We are the first American soldiers to stop in this town and they sure do treat us nice. They think nothing is too good for us.

From Roy E. Sawyer.
When we sailed all went well until the third day out which was Sunday, and we struck a gale. The boys all began saying who was going to get sea sick and who would not, but most of us fed the little fishes before night.

The boys were pretty well worn out, but we had lots of fun. Everything went fine and we had no other excitement until we sighted the coast of Scotland and Ireland, and believe me, though a foreign land it looked good, for eleven days and nights without seeing land is not very appealing.

The next day we landed at Liverpool. We boarded a train, the cars about the size of a large wagon and the engine the size of a brick car, and started for France.

There are lots of pines and rocks here and buildings famous for their age, but England is the prettiest country I ever saw, a perfect flower garden.

Lightning struck my billet last night and knocked out the window panes right by my bed, knocked a hole in the chimney and struck three boys billeting on the ground floor, paralyzing one in the right leg, but not seriously, I think.

DEFENSE COUNCIL TO AID DRAFT BOARDS

Oklahoma City, Okla., Sept. 4.—(Special)—In order to expedite the classification of men who will register under the new draft law the Oklahoma State Council of Defense has instructed all county councils to consult with the draft boards on enlarging the legal advisory boards of all local boards. To this end from five to twenty-five men will be added to the boards to take care of the needs of registrants in making out questionnaires and in giving other advice. The new appointees need not be lawyers.

SCHOOL TEACHER NEEDED BRAINS

"I never have had such a 'God-send' come to me as when I took the first dose of Mayr's Wonderful Remedy. I was afraid I would have to give up my school because of severe stomach, liver and bowel trouble which caused such a pressure of gas that I could not use my brain at times, and my heart would palpitate awfully. Since taking a treatment of Mayr's Wonderful Remedy a year ago, all this has disappeared." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practical all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Gwin & Mays Drug Co., and Druggists everywhere.

NON-ESSENTIAL LABOR PROBLEM CONSIDERED

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble. I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists. NC-123

They Get Quick Results

Oklahoma City, Okla., Sept. 25.—(Special)—The attitude of the Oklahoma State Council of Defense on the subject of non-essential industries and business will be determined and announced to the public by a committee appointed at its regular monthly session. This committee will consist also of Major Eugene Kerr, James A. Wilson and Ollie S. Wilson.

Plans were perfected for the organization of a committee to consider the question of non-essential construction in the state. J. M. Aydelotte, chairman of the State Council, was appointed chairman of a committee to act on applications and was given instructions to select such committee to aid him in any way which he might deem fit. Pending the selection of that committee he was given power to pass upon applications for construction for the state council of defense. The buildings now under construction at the Oklahoma A. & M. college were given the approval of the state council on the ground that they were necessary to carry out the work of the school, part of which is military training.

Resolutions were passed calling the attention of B. F. Bush, regional director of the U. S. Railroad Administration to the fact that on one line alone more than ten carloads of livestock were killed during the month of August in Oklahoma and adjoining states, and urgently requesting him to take action by which this loss of the food and leather supplies might be eliminated.

Announcement was made of the half rate which was granted Oklahoma buyers of feed.

A special meeting will be held next Saturday to take up the proposition of obtaining war contracts for the state of Oklahoma.

J. W. Connor, district agent for Southwestern Oklahoma, appeared before the council and explained the situation in the southwestern part of the state, asking for aid in educating more farmers to take up the government seed wheat proposition.

OVERWORKED MAN

Couldn't Get Man to Fill His Place, Had to Keep On How He Did It. Saratoga, Cal.—"I am an engineer and overworked so I could not sleep, was tired all the time. I could not get a man to fill my place so had to keep on working. My druggist asked me to try Vinol and it built me up and strengthened me so I feel fine and sleep all right."—Isaac W. Bradford.

There is no secret about Vinol. It owes its success in such cases to beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the greatest body building and strength creating tonics.

We strongly recommend Vinol.—Gwin & Mays Drug Co., and Druggists everywhere.

P. S.—For itching, burning skin try Saxol Salve. Money back if it fails.

DEFENSE COUNCILS AID IN ROUNDING UP LOAFERS

Oklahoma City, Okla., Sept. 25.—(Special)—The Oklahoma State Council of Defense has addressed instructions to all county councils to stand firmly behind the state officers of the United States Employment Service in rounding up loafers and idlers in their communities to the end that they be enrolled in war industries. Oklahoma has been called on for more than its quota of unskilled workmen for war industries. These demands up to three weeks ago have been met by voluntary enlistments but more forcible measures are being adopted by the federal government at this time.

Suspect Your Kidneys.

TOO MANY ADA PEOPLE NEGLECT EARLY SYMPTOMS OF KIDNEY TROUBLE.

If your back is lame—if you feel dull, tired and all worn-out—If you have hard headaches, backaches and dizzy spells—If the kidney secretions are disordered—

Suspect your kidneys and "take a stitch in time."

Use Doan's Kidney Pills, the time-tried, home-endorsed kidney remedy. It may save you from some serious kidney trouble.

Make use of the experience of Mrs. J. W. Smith, 403 Cherry St., Ada. She says: "Doan's Kidney Pills surely are a fine kidney remedy. My kidneys acted too frequently and I was bothered a great deal by kidney weakness. My head ached like a toothache and at times I would be so dizzy, my head seemed to swim. I used Doan's Kidney Pills and it was but a short time before I was entirely well. I shall never forget to boost Doan's."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Smith had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

EDITH C. JOHNSON.
Normal Class Tonight.

The normal class of the Baptist Sunday school will meet after prayer meeting tonight at the First Baptist church. Prayer meeting will begin at 8:15 and close in 30 minutes, and then the normal lesson will begin. It is expected that other pupils will enroll tonight. The class now numbers thirty. Come and join and get the King's Teachers' Diplomas. All officers and teachers of the Sunday school are urged to be present this evening to plan the promotion exercises for Sunday.—Bonnie Grimes, Pastor.

Mr. and Mrs. McKnight were guests at Mr. and Mrs. D. L. Laird's Sunday morning.

Mr. and Mrs. Jessie Fulton were at Egypt Sunday. They had a nice little singing at Mr. Telley's Sunday night. Some of the Egypt folks were there, most of them went to preaching at the shed.

in the political and social history of our country was the mobilization of women for the sale and purchase of bonds with the launching of the first Liberty loan. As Mary Synon, treasurer of the Women's National Liberty loan committee, has observed, it was a "keystone chapter in the story of woman's advancement." If the shade of Alexander Hamilton could look down upon the United States treasury, gray and solemn and dignified, if that brilliant founder of our fiscal system, could stand witness to the activities of hundreds of thousands of eager women, thrilled with the duty and the opportunity of entering into a realm, hitherto barred to them the business of financing a war, what would be his thoughts? If I may make bold to answer for that the most constructive mind of the revolutionary period, the most farseeing and advanced man of his time, not excepting the sublimely great Father of our Country, I will dare to say that this mobilization of American women would meet not only his approval, but inspire his heartfelt praise.

The plan worked out in Washington on paper looked well. Then the question arose, could such an organization be made practical? Would the women arise to the appeal of Secretary McAdoo to form a separate and distinct Women's Liberty loan committee that would work in harmony with the men's committee? Would the women see their opportunity for a vast service to their country? They did see it. They saw it much more clearly and they went to work much more enthusiastically than the most sanguine member of the committee could have expected at the start. Women who had never before sold anything more than a

ticket to a church entertainment, women who had never before done a really hard day's work, rallied to the assistance of their country. They trudged the street, canvassing from house to house, selling bonds to their sisters. They stood all day long in booths stationed in hotels, department stores and public buildings, marshaling all their forces to the financing of the war. In the second loan, the women of the United States raised one billion dollars, or one-third of the nation's quota. In the state of Delaware, the women's organization actually sold 121 per cent of the state's quota. In Alabama, Missouri, Kentucky and West Virginia the women sold approximately one-half of their state quotas. In North Carolina, Indiana, Kansas, Arizona, Tennessee, Nevada, New Mexico, Virginia, Connecticut and Pennsylvania, the women sold from one-third to one-half of their state's quotas. Out of \$29,000,000 worth of bonds placed in this state, the women's organization sold \$5,431,800. Our organization is this time better than ever and the women are more eager to do their part. Another very interesting development of women in the nation's finance is the keen interest taken in the work by women in foreign countries. American women bought and sold bonds in Japan and China. Nor were they less ardent in their desire to support the government in far-away Alaska and Hawaii. The work of women in the Liberty loan has been the means of arousing among their sisters of foreign birth and extraction an appreciation of this country's cause. The very first organization of women in the United States to subscribe to the Liberty loan was the Catholic Slovak Ladies' union, of whom it is recorded, that they "came forward with a set of resolutions that has few parallels in the spirit of passionate gratitude to American free institutions."

For the first time in the history of our country, women have been recognized as potential factors in a great governmental enterprise. Because of the generous spirit in which their efforts have been received and because of the fair dealing they have met at the hands of the United States treasury, they are pledging themselves with the most passionate ardor to the overwhelming success of the fourth Liberty loan and to the devoted service of their country so long as Secretary McAdoo shall call upon them.

FOURTH LIBERTY LOAN WOMAN'S DEPARTMENT

What Women Mean to Liberty Loan. Twenty-five years hence over one-half million women in the United States and something like 3,000 women in Oklahoma will proudly display to their children and their grandchildren a beautiful blue and white and gold "Certificate of Appointment" signed by Secretary William Gibbs McAdoo of the United States treasury and by Elizabeth Bass, secretary of the Women's National Liberty Loan Committee, officially designating them as the sellers of United States government bonds in the fourth Liberty loan.

FREELING WILL ADDRESS MEETING

A conference of all school district chairmen of the Liberty Loan campaign of Pontotoc county will be held at the court house at 1 o'clock tomorrow (Thursday) at which all plans will be discussed and final instructions given.

Attorney General S. P. Freeling will be present and address the meeting. The public is invited to be present and hear him. Mr. Freeling is a highly interesting talker and will have some valuable suggestions to make. An effort will be made to hold him over for an address in the evening, but this cannot be assured at this time.

Great Things Born in Silence.

Silence is the element in which great things fashion themselves together; that at length they may emerge, full-formed and majestic, into the daylight of life, which they are thenceforth to rule.—Carlyle.

One of the first Liberty Loan meetings of the coming campaign was held at Colbert school house Tuesday evening. It was well attended and the citizens showed commendable interest in the work. A feature of the evening was the singing of patriotic songs, the school children of the community being well drilled in this. Short talks explaining the work were made by L. A. Ellison, county chairman, and Mrs. Byron Norrell, chairman of the women's committee.

THOUGHT HIS TIME HAD COME —DISAPPOINTED

"I never was more surprised in my life than when I took the first dose of Mayr's Wonderful Remedy. My stomach trouble had been of eight years' standing, sometimes so bad as to cause convulsions, followed by hemorrhage. I thought my time in this world was short, and believe it is the last medicine I would ever take. It is now eight weeks since, and I am feeling better than for many years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Gwin & Mays Drug Co., and Druggists everywhere.

REV. C. B. JAMES WILL MOVE TO CHICKASHA

Rev. C. B. James, who has accepted the pastorate of the First Christian church of Chickasha, will leave with his family next week for their new field of labor.

For more than five years Mr. James has been pastor of the First church of Ada and during this time he has been a prime mover in everything tending to advance the moral and material interests of the community. He has made friends by the hundred in all walks of life and leaves Ada amid the regrets and with the best wishes of all.

DR. W. W. D. AKERS PROMOTED TO CAPTAIN

Dr. W. W. D. Akers, who is at home for a few days because of the illness of his wife, today received a wire from Maj. A. C. McGruder, Ft. Sill, notifying him of his promotion from the rank of lieutenant in the medical corps to that of captain. The doctor has been stationed at Ft. Sill since entering the service and this promotion is evidence of his competence and efficiency.

Mr. and Mrs. Edward Rowland received the sad news saying their nephew, Corporal Lester Johnson of Mount Pleasant, Pa., had been killed in France. He was a member of the old 10th Pennsylvania, and was on the border during the trouble with Mexico, and went over to France with the 28th division. He was 17 years old when he enlisted.

Drug Stores Adopt New Rule

We, the undersigned Druggists of the city of Ada, agree, beginning October 1, to close our respective places of business at 7 o'clock P. M., except on Saturday nights and during the coming holiday season. This is done because of the following reasons:

For the conservation of fuel.

There is a shortage of help in every Drug Store in Ada.

Many of the men working in our stores are soon to be called to the army. We desire to release them from service as early in the evening as possible in order that they may have an opportunity to mingle with their friends and loved ones before going away.

The saving of sugar syrups is necessary. A great deal of sugar is consumed at soda fountains, and all that is unnecessary which is sold after supper time. We want to co-operate in every conservation movement.

PLEASE BUY YOUR DRUGS AND SUPPLIES BEFORE 7 P. M. AFTER THE FIRST OF OCTOBER

RED CROSS BELGIAN RELIEF DRIVE

This extract from a letter of a well-to-do lady of Brussels shows the conditions exactly.

"Perhaps you will laugh when you hear that I wear a cloak made from my husband's garde civique overcoat, a waist made from his football shirt, and a skirt made of a dyed bed sheet. Mother had a suit made from the tablecloth, J and M have cloaks made from woolen blankets, and S a dress made of burlap. But all this is only amusing in comparison with the wretchedness of the population. After all, we remain calm and confident of victory."

With hundreds of thousands of the populations of occupied Belgium and France so shamelessly clad as to warrant the above lady in feeling that she is extremely fortunate, can you refuse to hear the appeal for our help, when it will in reality cost us so little, when that little will relieve a situation that is so terrible, especially when winter is coming on, and their suffering will be so great.

Please have your bundle ready Thursday morning, and out on your front porch; the trucks will be there to get it.

If you are in doubt as to what will be of service, call E. S. Haraway, phone 728.

REMEMBER THE DATE, THURSDAY MORNING, SEPTEMBER 20TH, 1918.

The Whistles will remind you to get your bundles ready.
